

The Warren County Genealogical Society would like to have their Web Site considered for the Thomas A. Edison Award for the Outstanding Chapter Web Site.

Our website is located at <http://www.co.warren.oh.us/genealogy/index.htm>

Using server space graciously provided for us on the Warren County Government server, the website has been on line since 2002, providing our members and the rest of the genealogical community with access to genealogical resources available in Warren County.

### **OGS activities**

### **Local genealogical information/resources**

The main goal of our website is to provide our members and the genealogical community with resources to local genealogical information. We currently have nearly 312,000 entries with links to them from 28 different categories accessible from the bottom half of our home page. Some of the highlights include an Obituaries (60,243), Cemeteries (63, 512), Vital Records (over 90,000) plus a large variety of court, land, map, military and other historical records.

A variety of forms are available at
